Unforeseen Contingency

(b) Describe the criteria:

A footnote error was made in the Long Bill. The wrong footnote (b) was attached to the appropriation:

^b This amount shall be from the Fitzsimons Trust Fund created in Section 23-20-136, C.R.S. (The project is not located at the Anschutz Medical campus and not eligible for funding from the Fitzsimons Trust Fund).

The footnote should be:

^a These amounts shall be from institutional sources. They meet the criteria in Section 24-75-303 (3) (a) (II), C.R.S., and are shown here for informational purposes only. Therefore, they shall not be accounted for in the State's Capital Construction Fund and the limitations on encumbrance timeliness and use of internal workforce do not apply.

This project will be funded from university sources as per the budget request and program plan approved by the Department of Higher Education and CU Board of Regents. The Legislative Capital Development Committee reviewed and approved this project based upon cash funding from university resources on April 1, 2008.

3. Justify the change from approved budget request and/or FPP:

This change is consistent with approved budget request and program plan.

4. Why is it necessary to have the appropriation prior to the Long Bill?

This was an error in the Long Bill. The university was scheduled to purchase the property at the end of May 2008. This has been delayed until the footnote error can be corrected.

5. Does this request require revision of a prior appropriation? (yes) (no). Explain.

Yes, the footnote needs to be changed in HB 08-1375

6. Attach a copy of a complete Form CC-C of the *original* request.

Attached

- 7. Attach a new completed Form CC-C (Element #1 only if there was a prior appropriation) to reflect this supplemental request.
- 8. Supplemental Requests Per SB 98-1331
 - a) Describe the urgency of the request

The university was scheduled to purchase the property in June 1, 2008. This has been delayed until the Long Bill error can be corrected. The university intends to start renovation of the property and complete work in time for academic programs starting spring semester 2010.

b) List funds to be restricted: Not applicable – This is a university funded purchase.

Dear Lisa:

The University of Colorado Denver has submitted a technical supplemental to amend the footnote associated with the capital construction project: Business School Purchase and Renovation of 1475 Lawrence Street. The supplemental is being submitted as an emergency request per SB98-1331.

This project was approved by the Commission in their meeting on April 11, 2008 and this supplemental contains no substantive changes. The specific change is outlined within the attached CC-B supplemental request document.

The Department of Higher Education approves this emergency supplemental request to amend the footnote associated with the appropriation for the University of Colorado Denver project: Business School Purchase and Renovation of 1475 Lawrence Street.

Sincerely,

Diane Lindner

Chief Financial Officer

Department of Higher Education
